Product datasheet

Recombinant VZV gE protein ab119453

Description

Product name	Recombinant VZV gE protein
Purity	> 95 % SDS-PAGE.
Expression system	Escherichia coli
Accession	P09259
Protein length	Protein fragment
Animal free	No
Nature	Recombinant
Amino acids	48 to 135

Specifications

Our **Abpromise guarantee** covers the use of **ab119453** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Applications	SDS-PAGE ELISA
Form	Liquid

Preparation and Storage

Stability and Storage	Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid repeated freeze / thaw cycles. Constituents: 0.39% Tris HCl, 0.03% EDTA, 50% Glycerol

General Info

Relevance	This protein belongs to the herpesviruses glycoprotein E family.
Cellular localization	Virion membrane; Single-pass type I membrane protein. Host cell membrane; Single-pass type I membrane protein. Host cell junction. Host Golgi apparatus membrane; Single-pass membrane protein. Host endosome membrane; Single-pass membrane protein

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit **https://www.abcam.com/abpromise** or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
