

Product datasheet

Anti-Integrin beta 7 antibody [FIB504] (Biotin) ab95816

★★★★★ 1 Abreviews 2 References 3 Images

Overview

Product name	Anti-Integrin beta 7 antibody [FIB504] (Biotin)
Description	Rat monoclonal [FIB504] to Integrin beta 7 (Biotin)
Host species	Rat
Conjugation	Biotin
Tested applications	Suitable for: ICC/IF, Flow Cyt
Species reactivity	Reacts with: Mouse, Human
Immunogen	TK1 murine t-cell lymphoma
Positive control	Normal Human peripheral blood cells

Properties

Form	Liquid
Storage instructions	Shipped at 4°C. Store at +4°C short term (1-2 weeks). Store at -20°C or -80°C. Avoid freeze / thaw cycle.
Storage buffer	Aqueous buffer. Preservative: 0.09% Sodium Azide
Purity	Protein G purified
Clonality	Monoclonal
Clone number	FIB504
Isotype	IgG2a
Light chain type	kappa

Applications

Our [Abpromise guarantee](#) covers the use of **ab95816** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
ICC/IF	★★★★★	1/300.

Application	Abreviews	Notes
-------------	-----------	-------

Flow Cyt

Use 0.125µg for 10⁵ cells.

Range from 105 to 108 cells/test in a final volume of 100 µl.

[ab18445](#) - Rat monoclonal IgG2a, is suitable for use as an isotype control with this antibody.

Target

Function

Integrin alpha-4/beta-7 (Peyer patches-specific homing receptor LPAM-1) is an adhesion molecule that mediates lymphocyte migration and homing to gut-associated lymphoid tissue (GALT). Integrin alpha-4/beta-7 interacts with the cell surface adhesion molecules MADCAM1 which is normally expressed by the vascular endothelium of the gastrointestinal tract. Interacts also with VCAM1 and fibronectin, an extracellular matrix component. It recognizes one or more domains within the alternatively spliced CS-1 region of fibronectin. Interactions involves the tripeptide L-D-T in MADCAM1, and L-D-V in fibronectin. Binds to HIV-1 gp120, thereby allowing the virus to enter GALT, which is thought to be the major trigger of AIDS disease. Interaction would involve a tripeptide L-D-I in HIV-1 gp120. Integrin alpha-E/beta-7 (HML-1) is a receptor for E-cadherin.

Tissue specificity

Expressed in a variety of leukocyte lines.

Sequence similarities

Belongs to the integrin beta chain family.
Contains 1 VWFA domain.

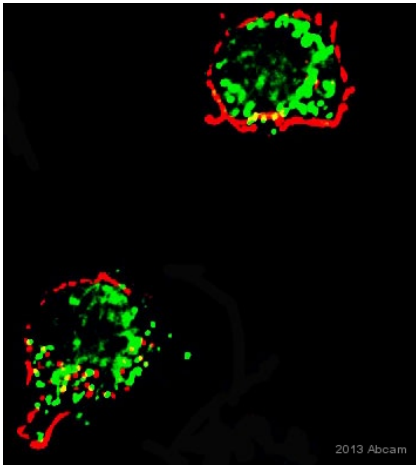

Domain

Domain I contains three cation-binding sites: the ligand-integrin-binding site (LIMBS), the metal ion-dependent adhesion site (MIDAS), and the adjacent to MIDAS site (ADMIDAS). In the absence of a ligand or in calcium-dependent binding, only ADMIDAS is occupied. In magnesium-dependent binding all three sites bind metal ions. LIMBS positively modify ligand binding whereas ADMIDAS negatively modify ligand binding.

Cellular localization

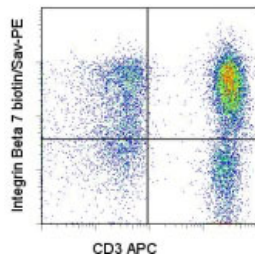

Membrane.

Images

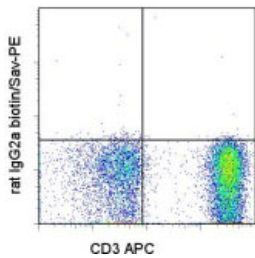

ICC/IF image of Integrin beta 7 staining on RAW264.7 cell line using ab95816 (1:300). The cells were fixed using formaldehyde and permeabilized using 0.2% Triton X-100. The cells were blocked using 10% goat serum for 1 hour at 20°C. The cells were incubated with ab95816 (1:300) for 1 hour at 20°C. The staining was detected using Streptavidin conjugated to Alexo Fluor 647 (1:350)

Immunocytochemistry/ Immunofluorescence - Anti-Integrin beta 7 antibody [FIB504] (Biotin) (ab95816)
This image is courtesy of an anonymous abreview.

Staining of normal Human peripheral blood cells with 0.06 µg of ab95816 followed by Streptavidin PE. Cells in the lymphocyte gate were used for analysis.

Flow Cytometry - Integrin beta 7 antibody [FIB504] (Biotin) (ab95816)

Staining of normal Human peripheral blood cells with Anti-Human CD3 APC and 0.125 µg of Rat IgG2a ? Isotype Control Biotin. Cells in the lymphocyte gate were used for analysis.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours

- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <http://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
