

Product datasheet

Anti-Myeloid Marker antibody [BM2], prediluted ab908

Overview

Product name	Anti-Myeloid Marker antibody [BM2], prediluted
Description	Mouse monoclonal [BM2] to Myeloid Marker, prediluted
Specificity	This antibody reacts with an antigen present in the cytoplasm of mature human granulocytes. It reacts with the precursor and mature forms of human myeloid cells. This antibody can be used to detect myeloid leukemias and granulocytic sarcomas as well as different levels of cellular differentiation.
Tested applications	Suitable for: IHC-P, IHC-Fr
Species reactivity	Reacts with: Human
Immunogen	Nuclei from pokeweed mitogen stimulated human peripheral lymphocytes.

Properties

Form	Liquid
Storage instructions	Shipped at 4°C. Store at +4°C. Do Not Freeze.
Storage buffer	Preservative: 0.05% Sodium Azide Constituents: Inert stabilizer
Clonality	Monoclonal
Clone number	BM2
Myeloma	unknown
Isotype	IgG1

Applications

Our [Abpromise guarantee](#) covers the use of **ab908** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
-------------	-----------	-------

Application	Abreviews	Notes
IHC-P		Use at an assay dependent concentration. This antibody has been pretitered and quality controlled to work on formalin-fixed paraffin-embedded as well as acetone fixed cryostat tissue sections. No further titration is required. We suggest an incubation period of 30-60 minutes at room temperature. However, depending upon the fixation conditions and the staining system employed, optimal incubation should be determined by the user.
IHC-Fr		Use at an assay dependent concentration.

Target

Tissue specificity	Widely expressed. Not detected in thymus.
Sequence similarities	Belongs to the MAL family. Contains 2 MARVEL domains.
Cellular localization	Membrane.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <http://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
