Product datasheet

Anti-West Nile Virus M glycoprotein antibody ab22070

**Overview**

**Product name**  Anti-West Nile Virus M glycoprotein antibody

**Description**  Rabbit polyclonal to West Nile Virus M glycoprotein

**Host species**  Rabbit

**Tested applications**  Suitable for: IHC-P, WB, ICC/IF

**Species reactivity**  Reacts with West Nile Virus. Not yet tested in other species.

**Immunogen**  Synthetic peptide corresponding to West Nile Virus M glycoprotein aa 8-27. Sequence:

GESTLANKKGAWLDSTKATR

**Positive control**  West Nile virus infected cell lysate

**Properties**

**Form**  Liquid

**Storage instructions**  Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles.

**Storage buffer**  Preservative: 0.02% Sodium Azide

Consituents: PBS

**Purity**  Protein G purified

**Clonality**  Polyclonal

**Isotype**  IgG

**Applications**

Our Abpromise guarantee covers the use of ab22070 in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

West Nile (WN), the most widespread among flaviviruses, was first isolated from the serum of a febrile woman in 1937 in the West Nile district of Uganda. West Nile virus was first detected in North America in 1999 and has subsequently spread throughout the United States and Canada and into Mexico and the Caribbean. In Africa, southern Europe, western Asia, and the United States, WNV has been isolated from mosquitoes of more than 40 species. In the United States, Canada, and Israel, WNV is responsible for significant avian mortality.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit [http://www.abcam.com/abpromise](http://www.abcam.com/abpromise) or contact our technical team.

**Terms and conditions**

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
