Product datasheet

Nicotinamide, PARP inhibitor ab120864

4 References 1 Image

Overview

Product name Nicotinamide, PARP inhibitor

Description Amide form of vitamin B₃

Biological description Amide form of vitamin B₃. Plasma membrane and blood-brain barrier permeable. Precursor for β-

> nicotinamide adenine dinucleotide (NAD+). Essential for the synthesis of NAD+ phosphate (NADP⁺). Essential for energy metabolism, normal physiology and disease progression. Associated with a number of signaling pathways including oxidative stress, cell survival and inflammation. These effects are orchestrated partly through forkhead, Akt, Bad, caspase, MAPK and PARP signaling. Non-selective sirtuin inhibitor. Commonly used as 3D growth matrix

components and additive for long-term growth.

Purity > 99% **CAS Number**

98-92-0

.CONH

Properties

Chemical structure

Chemical name Pyridine-3-carboxamide

Molecular weight 122.13 Molecular formula C₆H₆N₂O

Storage instructions Store at Room Temperature. The product can be stored for up to 12 months.

Solubility overview Soluble in DMSO to 100 mM and in ethanol to 100 mM

Handling Wherever possible, you should prepare and use solutions on the same day. However, if you need

to make up stock solutions in advance, we recommend that you store the solution as aliquots in tightly sealed vials at -20°C. Generally, these will be useable for up to one month. Before use, and

prior to opening the vial we recommend that you allow your product to equilibrate to room

temperature for at least 1 hour.

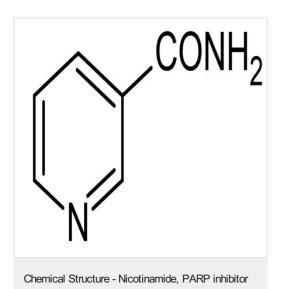

Refer to SDS for further information

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES, NOT FOR USE IN HUMANS"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- · Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- · We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
- Abcam biochemicals are novel compounds and we have not tested their biological activity in house. Please use the literature to identify how to use these products effectively. If you require further assistance please contact the scientific support team
