Product datasheet

NS309, K+ channel activator ab120371

2 References 1 Image

Overview

Product name NS309, K+ channel activator

Description Activates Ca²⁺-activated K⁺ channels

Biological description Potent activator of human Ca²⁺ -activated K⁺ channels of SK and IK types, selective over BK type

channels (EC $_{50}$ = 10 nM for increasing hlK current). At least 1000 times more potent than 1-EBIO (ab120258). Can be used in conjunction with CyPPA (ab120829) to distinguish SK1 and SK3

subtypes.

CAS Number 18711-16-5

Chemical structure CI

CI NON

Properties

Chemical name 6,7-Dichloro-3-oxime-1*H*-indole-2,3-dione

Molecular weight 231.04

Molecular formula $C_8H_4Cl_2N_2O_2$ PubChem identifier 11637204

Storage instructions Store at +4°C. The product can be stored for up to 12 months.

Solubility overview Soluble in DMSO to 100 mM

Handling Wherever possible, you should prepare and use solutions on the same day. However, if you need

to make up stock solutions in advance, we recommend that you store the solution as aliquots in tightly sealed vials at -20°C. Generally, these will be useable for up to one month. Before use, and

prior to opening the vial we recommend that you allow your product to equilibrate to room

temperature for at least 1 hour.

Refer to SDS for further information

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES, NOT FOR USE IN HUMANS"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- · Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- · We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
- Abcam biochemicals are novel compounds and we have not tested their biological activity in house. Please use the literature to identify how to use these products effectively. If you require further assistance please contact the scientific support team
