

Product datasheet

Thiabendazole - HRP Conjugate ab190210

Description

Product name	Thiabendazole - HRP Conjugate
Expression system	Synthetic
Animal free	No
Nature	Synthetic
Conjugation	HRP
Description	Thiabendazole – HRP Conjugate

Specifications

Our **Abpromise guarantee** covers the use of **ab190210** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Applications	Competitive ELISA
Form	Liquid
Additional notes	The conjugate is supplied as a concentrate. Only dilute the concentrate as required and use the working strength conjugate immediately after dilution. Avoid using azide containing buffers.

Preparation and Storage

Stability and Storage	Shipped at 4°C. Store at +4°C.
------------------------------	--------------------------------

General Info

Relevance	Thiabendazole is a 2-Substituted benzimidazole, 2-(1,3-thiazol-4-yl)-1H-benzimidazole, and is active against a variety of nematodes. It is specifically used for strongyloidiasis. Thiabendazole has CNS side effects and hepatotoxic potential.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours

- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
