

## Product datasheet

# Anti-Japanese encephalitis virus NS1 glycoprotein antibody [JN1] ab41651

[9 References](#) [2 Images](#)

### Overview

<b>Product name</b>	Anti-Japanese encephalitis virus NS1 glycoprotein antibody [JN1]
<b>Description</b>	Mouse monoclonal [JN1] to Japanese encephalitis virus NS1 glycoprotein
<b>Host species</b>	Mouse
<b>Tested applications</b>	<b>Suitable for:</b> IHC-FoFr, Flow Cyt, WB, ICC/IF, ELISA
<b>Species reactivity</b>	<b>Reacts with:</b> Japanese encephalitis virus
<b>Immunogen</b>	Full length native protein purified from Japanese encephalitis virus (Nakayama) supernatant
<b>General notes</b>	<p>The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing.</p> <p>If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&amp;As</p>

### Properties

<b>Form</b>	Liquid
<b>Storage instructions</b>	Shipped at 4°C. Store at +4°C short term (1-2 weeks). Store at -20°C or -80°C. Avoid freeze / thaw cycle.
<b>Storage buffer</b>	Preservative: 0.1% Proclin 150 Constituents: 10% BSA, 89.9% RPMI 1640
<b>Purity</b>	Tissue culture supernatant
<b>Clonality</b>	Monoclonal
<b>Clone number</b>	JN1
<b>Isotype</b>	IgG3
<b>Light chain type</b>	kappa

### Applications

## The Abpromise guarantee

Our **Abpromise guarantee** covers the use of ab41651 in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
IHC-FoFr		Use at an assay dependent concentration. PubMed: 19635909
Flow Cyt		Use at an assay dependent concentration. PubMed: 20581148 <b>ab18392</b> - Mouse monoclonal IgG3, is suitable for use as an isotype control with this antibody.
WB		1/50 - 1/100. Use under non reducing condition. Predicted molecular weight: 46 kDa.
ICC/IF		1/5 - 1/20.
ELISA		Use at an assay dependent concentration.

## Target

### Relevance

The Japanese encephalitis viral genome encodes 7 non-structural proteins NS1-NS5. NS1 contains N-linked carbohydrate chains at positions 130 and 207. It is not incorporated into the virion but exists in the host cell, on the cell surface and can also be extracellular.

## Images

2006 Abcam

Immunocytochemistry/ Immunofluorescence - Anti-Japanese encephalitis virus NS1 glycoprotein antibody [JN1] (ab41651)

Japanese encephalitis virus (Nakayama) infected PS clone D cells stained with ab41651 (green).

**All lanes :** Anti-Japanese encephalitis virus NS1 glycoprotein antibody [JN1] (ab41651)

**Lane 1 :** Japanese encephalitis virus infected C6/36 cell lysate (unheated)

**Lane 2 :** Japanese encephalitis virus infected C6/36 cell lysate (boiled)

**Predicted band size:** 46 kDa

**Observed band size:** 46,92 kDa

**Additional bands at:** 100 kDa (possible cleavage fragment), 50 kDa (possible cleavage fragment)

This antibody recognises 2 forms of NS1 - NS1 and NS1' (46 and 53 kDa respectively). NS1' is thought to be formed when NS1 is cleaved from NS2A at an alternative site. Both NS1 and NS1' exist as dimers in untreated samples but are dissociated into monomers when samples are boiled.

**Please note:** All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

#### Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

## Terms and conditions

---

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
