

Product datasheet

Anti-Feline Calicivirus antibody [FCV1-43] ab33990

Overview

Product name	Anti-Feline Calicivirus antibody [FCV1-43]
Description	Mouse monoclonal [FCV1-43] to Feline Calicivirus
Host species	Mouse
Specificity	ab33990 specifically recognises feline calicivirus, and does not cross-react with FIV or FeLV.
Tested applications	Suitable for: IHC-P, WB, ELISA
Species reactivity	Reacts with Feline calicivirus. Not yet tested in other species.
Immunogen	The details of the immunogen for this antibody are not available.
General notes	The antibody detects a 63kD band in Western blots, representing the viral capsid protein.

Properties

Form	Liquid
Storage instructions	Shipped at 4°C. Store at +4°C short term (1-2 weeks). Upon delivery aliquot. Store at -20°C long term.
Storage buffer	Preservative: 0.09% Sodium Azide Constituents: PBS, pH 7.2
Purity	Protein A purified
Primary antibody notes	The antibody detects a 63kD band in Western blots, representing the viral capsid protein.
Clonality	Monoclonal
Clone number	FCV1-43
Isotype	IgG2a

Applications

Our [Abpromise guarantee](#) covers the use of **ab33990** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
-------------	-----------	-------

Application	Abreviews	Notes
IHC-P		Use at an assay dependent concentration. Perform heat mediated antigen retrieval before commencing with IHC staining protocol.
WB		Use at an assay dependent concentration. Detects a band of approximately 63 kDa.
ELISA		Use at an assay dependent concentration.

Target

Relevance

Feline calicivirus is a common viral disease that affects cats. It is characterized by upper respiratory symptoms, pneumonia, oral ulceration, and occasionally arthritis. It is a fairly mild flu-like condition and rarely causes serious complications. FCV is a tiny non-enveloped virus consisting of a 20 sided protein capsid (that fashions cup like dimples) surrounding a single strand of positive sense RNA.

Please note: All products are "FOR RESEARCH USE ONLY AND ARE NOT INTENDED FOR DIAGNOSTIC OR THERAPEUTIC USE"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
