

## Product datasheet

# Human FKBP51 peptide ab46177

### Overview

---

**Product name** Human FKBP51 peptide

### Description

---

**Nature** Synthetic

### Amino Acid Sequence

**Species** Human

### Specifications

---

Our [Abpromise guarantee](#) covers the use of **ab46177** in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

**Applications** Blocking

**Form** Liquid

### Additional notes

- First try to dissolve a small amount of peptide in either water or buffer. The more charged residues on a peptide, the more soluble it is in aqueous solutions.
- If the peptide doesn't dissolve try an organic solvent e.g. DMSO, then dilute using water or buffer.
- Consider that any solvent used must be compatible with your assay. If a peptide does not dissolve and you need to recover it, lyophilise to remove the solvent.
- Gentle warming and sonication can effectively aid peptide solubilisation. If the solution is cloudy or has gelled the peptide may be in suspension rather than solubilised.
- Peptides containing cysteine are easily oxidised, so should be prepared in solution just prior to use.

### Preparation and Storage

---

**Stability and Storage** Shipped at 4°C. Upon delivery aliquot and store at -20°C or -80°C. Avoid repeated freeze / thaw cycles.

Information available upon request.

### General Info

---

|   |  |
|---|--|
| <b>Function</b>                         | Interacts with functionally mature heterooligomeric progesterone receptor complexes along with HSP90 and TEBP. |
| <b>Tissue specificity</b>               | Widely expressed, enriched in testis compared to other tissues.  |
| <b>Sequence similarities</b>            | Contains 2 PPlase FKBP-type domains.<br>Contains 3 TPR repeats.  |
| <b>Post-translational modifications</b> | Phosphorylated upon DNA damage, probably by ATM or ATR.  |
| <b>Cellular localization</b>            | Cytoplasm. Nucleus.  |

**Please note:** All products are "FOR RESEARCH USE ONLY AND ARE NOT INTENDED FOR DIAGNOSTIC OR THERAPEUTIC USE"

---

### **Our Abpromise to you: Quality guaranteed and expert technical support**

---

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
  
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

---

### **Terms and conditions**

---

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
