

Product datasheet

Anti-Adenovirus Type 2 antibody ab24155

Overview

| | |
|----------------------------|---|
| Product name | Anti-Adenovirus Type 2 antibody |
| Description | Goat polyclonal to Adenovirus Type 2 |
| Host species | Goat |
| Specificity | This antibody does not cross-react with parainfluenza 1-3, Influenza. A and B, or RSV. |
| Tested applications | Suitable for: ELISA, ICC/IF |
| Species reactivity | Reacts with: Other species |
| Immunogen | Hexon from adenovirus, type 2. |
| General notes | <p>The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing.</p> <p>If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As</p> |

Properties

| | |
|-----------------------------|---|
| Form | Liquid |
| Storage instructions | Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles. |
| Storage buffer | pH: 7.2 Preservative: 0.1% Sodium azide Constituent: PBS |
| Purity | Protein G purified |
| Clonality | Polyclonal |
| Isotype | IgG |

Applications

The Abpromise guarantee Our [Abpromise guarantee](#) covers the use of ab24155 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

| Application | Abreviews | Notes |
|-------------|-----------|-------------------------------------|
| ELISA | | 1/10000. |
| ICC/IF | | Use at an assay dependent dilution. |

Target

Relevance

More than 100 serologically distinct types of adenovirus have been identified, including 49 types that infect humans. Several of these cause respiratory and conjunctival diseases. Types 1 and 2 constitute 60 percent of isolates from adenovirus infected children.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
