**Product datasheet**

**Anti-Bcl-2 antibody ab196495**

177 References  8 Images

**Overview**

**Product name**  Anti-Bcl-2 antibody

**Description**  Rabbit polyclonal to Bcl-2

**Host species**  Rabbit

**Tested applications**  Suitable for: IHC-P, WB, ICC/IF

**Species reactivity**  Reacts with: Mouse, Rat, Human

**Immunogen**  Recombinant fragment corresponding to Human Bcl-2. (Near N terminal).

Database link: P10415

**Positive control**  ICC/IF: A549 cells. IHC-P: Rat kidney and lung tissues; Mouse lung tissue; Human liver cancer tissue; Breast cancer tissue. WB: HL-60 and BT474 cell extracts.

**Properties**

**Form**  Liquid

**Storage instructions**  Shipped at 4°C. Store at +4°C short term (1-2 weeks). Upon delivery aliquot. Store at -20°C long term. Avoid freeze / thaw cycle.

**Storage buffer**  pH: 7.40

Preservative: 0.02% Sodium azide

Constituents: 50% Glycerol, 0.87% Sodium chloride, 49% PBS

PBS without Mg^{2+} and Ca^{2+}.

**Purity**  Immunogen affinity purified

**Clonality**  Polyclonal

**Isotype**  IgG

**Applications**

Our Abpromise guarantee covers the use of ab196495 in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.
Function
Suppresses apoptosis in a variety of cell systems including factor-dependent lymphohematopoietic and neural cells. Regulates cell death by controlling the mitochondrial membrane permeability. Appears to function in a feedback loop system with caspases. Inhibits caspase activity either by preventing the release of cytochrome c from the mitochondria and/or by binding to the apoptosis-activating factor (APAF-1). May attenuate inflammation by impairing NLRP1-inflammasome activation, hence CASP1 activation and IL1B release (PubMed:17418785).

Tissue specificity
Expressed in a variety of tissues.

Involvement in disease
A chromosomal aberration involving BCL2 has been found in chronic lymphatic leukemia. Translocation t(14;18)(q32;q21) with immunoglobulin gene regions. BCL2 mutations found in non-Hodgkin lymphomas carrying the chromosomal translocation could be attributed to the Ig somatic hypermutation mechanism resulting in nucleotide transitions.

Sequence similarities
Belongs to the Bcl-2 family.

Domain
BH1 and BH2 domains are required for the interaction with BAX and for anti-apoptotic activity. The BH4 motif is required for anti-apoptotic activity and for interaction with RAF1 and EGLN3. The loop between motifs BH4 and BH3 is required for the interaction with NLRP1.

Post-translational modifications
Phosphorylation/dephosphorylation on Ser-70 regulates anti-apoptotic activity. Growth factor-stimulated phosphorylation on Ser-70 by PKC is required for the anti-apoptosis activity and occurs during the G2/M phase of the cell cycle. In the absence of growth factors, BCL2 appears to be phosphorylated by other protein kinases such as ERKs and stress-activated kinases. Phosphorylated by MAPK8/JNK1 at Thr-69, Ser-70 and Ser-87, which stimulates starvation-induced autophagy. Dephosphorylated by protein phosphatase 2A (PP2A). Proteolytically cleaved by caspases during apoptosis. The cleaved protein, lacking the BH4 motif, has pro-apoptotic activity, causes the release of cytochrome c into the cytosol promoting further caspase activity. Monoubiquitinated by PARK2, leading to increase its stability. Ubiquitinated by SCF(FBXO10), leading to its degradation by the proteasome.

Cellular localization

Application | Abreviews | Notes |
--- | --- | --- |
IHC-P | 1/50 - 1/200. Perform heat mediated antigen retrieval before commencing with IHC staining protocol. | |
ICC/IF | 1/50 - 1/200. | |

Notes
IHC-P
Primary antibody incubation at 4°C overnight.

WB
Primary antibody incubation at 4°C overnight.

ICC/IF
Primary antibody incubation at 4°C overnight.
**Western blot - Anti-Bcl-2 antibody (ab196495)**

All lanes: Anti-Bcl-2 antibody (ab196495) at 1/500 dilution

Lane 1: HL-60 cell extract

Lane 2: BT474 cell extract

Predicted band size: 26 kDa

**Immunocytochemistry/ Immunofluorescence - Anti-Bcl-2 antibody (ab196495)**

Immunofluorescent analysis of A549 (human lung carcinoma cell line) cells labeling Bcl-2 with ab196495 at 1/50 dilution. Blue: DAPI for nuclear staining.
Immunohistochemical analysis of paraffin-embedded breast cancer tissue labeling Bcl-2 with ab196495 at 1/50 dilution.

Immunohistochemical analysis of paraffin-embedded human liver cancer tissue labeling Bcl-2 with ab196495 at 1/100 dilution.

Immunohistochemical analysis of paraffin-embedded mouse lung tissue labeling Bcl-2 with ab196495 at 1/100 dilution.
Immunohistochemical analysis of paraffin-embedded rat kidney tissue labeling Bcl-2 with ab196495 at 1/100 dilution.

Immunohistochemical analysis of paraffin-embedded rat lung tissue labeling Bcl-2 with ab196495 at 1/100 dilution.

All lanes: Anti-Bcl-2 antibody (ab196495)

Lane 1: Total protein isolated from brain of rat offspring raised on control mothers
Lane 2: Total protein isolated from brain of rat offspring exposed prenatally to 5 mg/kg of cypermethrin
Lane 3: Total protein isolated from brain of rat offspring exposed postnatally to 10 mg/kg of cypermethrin
Lane 4: Total protein isolated from brain of rat offspring exposed prenatally to 5 mg/kg of cypermethrin and subsequently rechallenged with cypermethrin (10 mg/kg) at adulthood

Lysates/proteins at 50 µg per lane.

Predicted band size: 26 kDa

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
