

Product datasheet

Bis-Tris Precast Gels - RunBlue™ (8%, 12-well, 10x10cm)
ab270021

1 Image

Overview

Product name	Bis-Tris Precast Gels - RunBlue™ (8%, 12-well, 10x10cm)
Tested applications	Suitable for: SDS-PAGE
General notes	<p>Bis-Tris Precast Gels - RunBlue™ (8%, 12-well, 10x10cm) (ab270021) precast gels have superior rigidity and stability over traditional polyacrylamide gels. For your convenience we have already removed the comb. The cassette locks the fingers in place and there is no tape or strip to be removed.</p> <p>10 gel pack.</p> <p>This product is manufactured by Expedeon, an Abcam company. It was previously called RunBlue Bis-Tris Gel 8% 12 well - 10x10. Expedeon product code NBT00812 is the same as the 10 unit size of this product.</p>

Properties

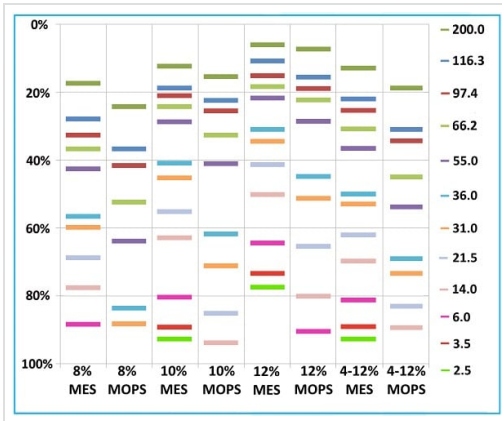

Form	Solid
Storage instructions	Shipped at Room Temperature. Store at +4°C.
Storage buffer	pH: 6.5

Applications

The Abpromise guarantee Our [Abpromise guarantee](#) covers the use of ab270021 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
SDS-PAGE		Use at an assay dependent concentration.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
