Anti-Gli1 antibody ab217326

Overview

Product name: Anti-Gli1 antibody
Description: Rabbit polyclonal to Gli1
Host species: Rabbit
Tested applications: Suitable for: WB, IHC-P
Species reactivity: Reacts with: Mouse, Human
Immunogen: Recombinant fragment corresponding to Human Gli1 aa 750 to the C-terminus (C terminal). Database link: P08151

Positive control: WB: Recombinant human Gli1 protein; U87, MCF7, HeLa, SKOV, HT1080, COLO320 and HepG2 whole cell lysate (ab7900). IHC-P: Human intestinal cancer tissue.

General notes: The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing.

If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As

Properties

Form: Liquid
Storage buffer: Preservative: 0.025% Sodium azide
Constituents: 2.5% BSA, 0.1% Dibasic monohydrogen sodium phosphate, 0.45% Sodium chloride
Purity: Immunogen affinity purified
Clonality: Polyclonal
Isotype: IgG
The Abpromise guarantee

Our Abpromise guarantee covers the use of ab217326 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Target

Function
Acts as a transcriptional activator. May regulate the transcription of specific genes during normal development. May play a role in craniofacial development and digital development, as well as development of the central nervous system and gastrointestinal tract. Mediates SHH signaling and thus cell proliferation and differentiation.

Tissue specificity
Testis, myometrium and fallopian tube. Also expressed in the brain with highest expression in the cerebellum, optic nerve and olfactory tract.

Sequence similarities
Belongs to the GLI C2H2-type zinc-finger protein family. Contains 5 C2H2-type zinc fingers.

Post-translational modifications
Phosphorylated in vitro by ULK3.

Cellular localization
Cytoplasm. Nucleus. Tethered in the cytoplasm by binding to SUFU. Activation and translocation to the nucleus is promoted by interaction with STK36. Phosphorylation by ULK3 may promote nuclear localization. Translocation to the nucleus is promoted by interaction with ZIC1.

Images

All lanes: Anti-GLi1 antibody (ab217326) at 0.5 µg/ml

Lane 1: U87 whole cell lysate
Lane 2: MCF7 whole cell lysate
Lane 3: HeLa whole cell lysate
Lane 4: SKOV whole cell lysate
Lane 5: HT1080 whole cell lysate
Lane 6: COLO320 whole cell lysate
Lane 7: HepG2 whole cell lysate

Lysates/proteins at 40 µg per lane.
**Predicted band size:** 118 kDa

Immunohistochemical analysis of paraffin embedded mouse testis tissue staining Gli1 with ab217326 at 1µg/ml. DyLight™488 Conjugated Goat Anti-Rabbit IgG was used as secondary antibody at 1/100 dilution. Heat mediated antigen retrieval was performed in citrate buffer (pH6, epitope retrieval solution) for 20 mins. DAPI was used as a nuclear counterstain (blue).

Immunohistochemical analysis of paraffin-embedded human intestinal cancer tissue labeling Gli1 with ab217326 at 1 µg/mL.

Anti-Gli1 antibody (ab217326) at 0.5 µg/ml + recombinant human GLI1 protein, 5 ng

**Predicted band size:** 118 kDa
Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
