Human Lipoprotein A ELISA Kit

Overview

Product name: Human Lipoprotein A ELISA Kit
Detection method: Colorimetric

Sample type: Cell culture supernatant, Milk, Urine, Serum, Plasma
Assay type: Sandwich (quantitative)
Sensitivity: 0.7 ng/ml
Range: 0.78 ng/ml - 50 ng/ml
Recovery: 98%
Assay time: 4h 00m
Assay duration: Multiple steps standard assay

Species reactivity: Reacts with: Human

Product overview:
Lipoprotein A Human in vitro ELISA (Enzyme-Linked Immunosorbent Assay) kit is designed for the quantitative measurement of Lipoprotein A concentrations in plasma, serum, urine, milk, cerebrospinal fluid (CSF) and cell culture supernatants.

A Lipoprotein A specific antibody has been precoated onto 96-well plates and blocked. Standards or test samples are added to the wells and subsequently a Lipoprotein A specific biotinylated detection antibody is added and then followed by washing with wash buffer. Streptavidin-Peroxidase Conjugate is added and unbound conjugates are washed away with wash buffer. TMB is then used to visualize Streptavidin-Peroxidase enzymatic reaction. TMB is catalyzed by Streptavidin-Peroxidase to produce a blue color product that changes into yellow after adding acidic stop solution. The density of yellow coloration is directly proportional to the amount of Lipoprotein A captured in plate.
Tested applications
Suitable for: Sandwich ELISA

Platform
Microplate

Properties

Storage instructions
Store at -20°C. Please refer to protocols.

Components | 1 x 96 tests
---|---
100X Streptavidin-Peroxidase Conjugate | 1 x 80µl
10X Diluent M Concentrate | 1 x 30ml
20X Wash Buffer Concentrate | 2 x 30ml
50X Biotinylated Human Lipoprotein A Antibody | 1 x 120µl
Chromogen Substrate | 1 x 8ml
Lipoprotein A Microplate (12 x 8 well strips) | 1 unit
Lipoprotein A Standard | 1 vial
Sealing Tapes | 3 units
Stop Solution | 1 x 12ml

Function
Apo(a) is the main constituent of lipoprotein(a) (Lp(a)). It has serine proteinase activity and is able of autoproteolysis. Inhibits tissue-type plasminogen activator 1. Lp(a) may be a ligand for megalin/Gp 330.

Sequence similarities
Belongs to the peptidase S1 family. Plasminogen subfamily.
Contains 38 kringle domains.
Contains 1 peptidase S1 domain.

Post-translational modifications
N- and O-glycosylated. The N-glycans are complex biantennary structures present in either a mono- or disialylated state. The O-glycans are mostly (80%) represented by the monosialylated core type I structure, NeuNAcalpha2-3Galbeta1-3GalNAc, with smaller amounts of disialylated and non-sialylated O-glycans also detected.

Applications
Our Abpromise guarantee covers the use of ab108878 in the following tested applications.
The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Images
**Sandwich ELISA - Lipoprotein A Human ELISA Kit**

(ab108878)

Standard curve: mean of duplicates (+/- SD) with background reads subtracted

Lipoprotein A measured in biological fluids and cell culture supernatants showing quantity (ng) per mL of tested sample. Human serum, plasma and milk samples diluted 4000-32000 fold. Human urine and saliva diluted 2-8 fold. Mouse and rat samples diluted 10-100 fold. Cell supernatants diluted 1-10 fold.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

**Our Abpromise to you: Quality guaranteed and expert technical support**

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit [https://www.abcam.com/abpromise](https://www.abcam.com/abpromise) or contact our technical team.

**Terms and conditions**

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
