Overview

Product name: IGEPAL® CA-630 MegaPure™ Detergent, 10% Solution

Description: 10% solution of the nonionic surfactant IGEPAL® CA-630 in water

Biological description: A 10% solution of the nonionic surfactant IGEPAL® CA-630 in water. Specially processed to remove the aldehydes and peroxides. Lacks the UV absorbance that causes interference in spectrophotometric monitoring and assays.

General notes: This product is manufactured by BioVision, an Abcam company and was previously called B1831 IGEPAL® CA-630 MegaPure™ Detergent, 10% Solution. B1831-50 is the same size as the 50 ML size of ab285400.

Abcam has not and does not intend to apply for the REACH Authorisation of customers’ uses of products that contain European Authorisation list (Annex XIV) substances. It is the responsibility of our customers to check the necessity of application of REACH Authorisation, and any other relevant authorisations, for their intended uses.

CAS Number: 9036-19-5

Properties

Molecular weight: 514.70

Molecular formula: C_{28}H_{50}O_{8}

PubChem identifier: 75622

Storage instructions: Shipped at 4°C. Store at +4°C.

Handling: Refer to SDS for further information.

SMILES: CC(C)(C)CC(C)(C)C1=CC=C(C=C1)OCCOCOCOCOCCOCOCOCOCOCOCOCO
Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
- Abcam biochemicals are novel compounds and we have not tested their biological activity in house. Please use the literature to identify how to use these products effectively. If you require further assistance please contact the scientific support team
