Anti-Osteopontin antibody [53] ab69498

Overview

Product name: Anti-Osteopontin antibody [53]
Description: Mouse monoclonal [53] to Osteopontin
Host species: Mouse
Tested applications: Suitable for: ICC/IF, IHC-Fr, WB, ELISA, IHC-P
Species reactivity: Reacts with: Human
Immunogen: Recombinant full length protein corresponding to Human Osteopontin.
Positive control: Human breast cancer
General notes: This product was changed from ascites to tissue culture supernatant on 2nd March 2020. Please note that the dilutions may need to be adjusted accordingly. If you have any questions, please do not hesitate to contact our scientific support team.

Properties

Form: Liquid
Storage instructions: Shipped at 4°C. Upon delivery aliquot and store at -20°C or -80°C. Avoid repeated freeze / thaw cycles.
Storage buffer: Preservative: 0.1% Sodium azide
Constituent: PBS
Purity: Tissue culture supernatant
Clonality: Monoclonal
Clone number: 53
Isotype: IgG2a
Light chain type: kappa

Applications

Our Abpromise guarantee covers the use of ab69498 in the following tested applications.
The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

**Target**

**Function**
Binds tightly to hydroxyapatite. Appears to form an integral part of the mineralized matrix. Probably important to cell-matrix interaction. Acts as a cytokine involved in enhancing production of interferon-gamma and interleukin-12 and reducing production of interleukin-10 and is essential in the pathway that leads to type I immunity.

**Tissue specificity**
Bone. Found in plasma.

**Sequence similarities**
Belongs to the osteopontin family.

**Post-translational modifications**
Extensively phosphorylated on clustered serine residues. N- and O-glycosylated. Phosphorylation sites are present in the extracellular medium.

**Cellular localization**
Secreted.

**Images**

**All lanes**: Anti-Osteopontin antibody [53] (ab69498) at 5 µg/ml

**Lane 1**: MDA-MB-435 cell lysate at 40 µg

**Lane 2**: Conditioned medium from MDA-MB-435 cells containing secreted Osteopontin at 3.8 µg

**Lane 3**: Conditioned medium from MDA-MB-435 cells containing recombinant protein at 0.05 µg

**Secondary**

**All lanes**: HRP conjugated goat anti-mouse

Developed using the ECL technique.

**Predicted band size**: 33 kDa
ab69498, at a 2µg/ml, staining human Osteopontin in Breast cancer, by Immunohistochemistry, Formalin fixed Paraffin embedded tissue.

This image was generated using the ascites version of the product.

ab69498 staining Osteopontin in Human mesenchymal stem cell stromas from bone marrow by Immunocytochemistry/ Immunofluorescence.

Cells were fixed with 4% paraformaldehyde and incubated with primary antibody. A Cy3®-conjugated rabbit anti-mouse IgG was used as the secondary antibody.

This image was generated using the ascites version of the product.

ab69498 staining Osteopontin in Human cancellous bone tissue sections by Immunohistochemistry (IHC-Fr - frozen sections). Tissue was fixed with acetone and blocked with 0.25% Casein for 10 minutes at 23°C. Samples were incubated with primary antibody (1/50 in 10% human serum in TBS) for 1 hour at 23°C. An Alexa Fluor® 555-conjugated Goat anti-mouse IgG2a polyclonal (1/500) was used as the secondary antibody.

This image was generated using the ascites version of the product.
Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit [https://www.abcam.com/abpromise](https://www.abcam.com/abpromise) or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
