**Product Overview**

**Product name**
LDH Assay Kit / Lactate Dehydrogenase Assay Kit (Colorimetric) ab102526

**Detection method**
Colorimetric

**Sample type**
Cell culture supernatant, Urine, Serum, Plasma, Other biological fluids, Tissue Extracts

**Assay type**
Enzyme activity (quantitative)

**Sensitivity**
> 1 mU/ml

**Range**
1 mU/ml - 100 mU/ml

**Assay time**
0h 30m

**Product overview**
Lactate Dehydrogenase (LDH) Assay Kit (Colorimetric) ab102526 quantifies LDH activity in a variety of samples such as serum or plasma, tissue, cells, and culture medium.

In the LDH assay protocol, LDH reduces NAD to NADH, which then interacts with a specific probe to produce a color (OD max = 450 nm). The kit can detect 1 - 100 mU/mL of LDH directly in samples. The assay is quick, convenient, and sensitive.

**LDH assay protocol summary:**
- add samples and standards to wells
- add reaction mix
- analyze every 2-3 min for at least 30 min with microplate reader in kinetic mode at 37°C

**Notes**
This product is manufactured by BioVision, an Abcam company and was previously called K726 Lactate Dehydrogenase Activity Colorimetric Assay Kit. K726-500 is the same size as the 500 test size of ab102526.

To measure LDH release into cell culture medium from cultured cells in a cytotoxicity experiment, we recommend [LDH assay kit ab65393](#), which is designed specifically as a cytotoxicity assay.

This LDH assay kit ab102526 is designed in a more flexible format for use with a variety of sample types (this includes cell culture medium, and this kit may be used in cytotoxicity assays). This flexible format LDH assay kit is also available as a [fluorometric LDH assay kit ab197000](#).

**How other researchers have used LDH Assay Kit ab102526**
This LDH assay kit has been used in publications in a variety of sample types, including:
- Human: serum

---
- Mouse: kidney tissue, kidney epithelial cell line lysates, muscle tissue, serum, vaginal lavage fluid, liver tissue
- Rat: H8C2 cell lysates

It has also been used in LDH release cytotoxicity cell culture assays including in human hippocampal neuronal cultures, THP-1 cells, primary chondrocyte cells on a membrane scaffold, primary lymphocytes, ovarian cancer cells co-cultured with mouse splenocytes in a cytotoxic T lymphocyte assay.

Platform

Microplate reader

Properties

Storage instructions

Store at -20°C. Please refer to protocols.

Pathway

Fermentation; pyruvate fermentation to lactate; (S)-lactate from pyruvate: step 1/1.

Involvement in disease

Defects in LDHA are the cause of glycogen storage disease type 11 (GSD11) [MIM:612933]. A metabolic disorder that results in exertional myoglobinuria, pain, cramps and easy fatigue.

Sequence similarities

Belongs to the LDH/MDH superfamily. LDH family.

Post-translational modifications

ISGylated.

Cellular localization

Cytoplasm.

Images
Tam BT et al., used the LDH assay kit on mouse skeletal muscle tissue lysates comparing pressure-induced compressed and control samples across a range of knockout mice lines.

Kinetic profiles of approx 0.5 mU of a sample of pure LDH (Positive Control) and 2 μL frozen human serum using buffer as a background control.
Cellular necrosis was measured as LDH release after cisplatin treatment for 24 h and 48 h using ab102526. The release of LDH was apparently increased at 24 and 48 h after cisplatin treatment.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
