

## **Product datasheet**

# Human NDUFA4 knockout HEK-293T cell lysate ab263276

### 1 Image

Overview

| Overview             |   |  |
|----------------------|---|--|
| Product name         | Human NDUFA4 knockout HEK-293T cell lysate  |  |
| Product overview     |   |  |
|                      | Knockout cell lysate achieved by CRISPR/Cas9.   |  |
| Parental Cell Line   | HEK293T   |  |
| Organism             | Human   |  |
| Mutation description | Knockout achieved by using CRISPR/Cas9, 31 bp deletion in exon1.  |  |
| Passage number       | <20   |  |
| Knockout validation  | Sanger Sequencing   |  |
| Reconstitution notes | To use as WB control, resuspend the lyophilizate in 50 µL of LDS* Sample Buffer to have a final concentration of 2 mg/ml. For reducing conditions, we recommend a final concentration of 0.1 M DTT.<br>*Usage of SDS sample buffer is not recommended with these lyophilized lysates.   |  |
|                      | Usage of SDS sample builders not recommended with these hydphilized hysailes.   |  |
| Notes                | <b>Lysate preparation:</b> Our lysates are made using RIPA buffer to which we add a protease inhibitor cocktail and phosphatase inhibitor cocktail (ratio: 300:100:10). <i>This means that the protein of interest is denatured.</i> If you require a native form of the protein please use the live cell version - found <b>here</b> . Please refer to our lysis protocol for further details on how our lysates are prepared. |  |
|                      | <b>User storage instructions:</b> Lyophilizate may be stored at 4°C. After reconstitution, store at - 20°C for short-term storage or -80°C for long-term storage.   |  |
|                      | Access thousands of knockout cell lysates, generated from commonly used cancer cell lines.<br>See here for more information on knockout cell lysates.   |  |
|                      | Abcam has not and does not intend to apply for the REACH Authorisation of customers' uses of products that contain European Authorisation list (Annex XIV) substances.<br>It is the responsibility of our customers to check the necessity of application of REACH Authorisation, and any other relevant authorisations, for their intended uses.   |  |
|                      | This product is subject to limited use licenses from The Broad Institute and ERS Genomics<br>Limited, and is developed with patented technology. For full details of the limited use licenses and<br>relevant patents please refer to our <b>limited use license</b> and <b>patent pages</b> .  |  |

#### Properties

| Storage instructions Store at -80°C. Please refer to protocols. |  |           |
|---|--|-----------|
| Components  |  | 1 kit     |
| ab261575 - Human NDUFA4 knockout HEK293T cell lysate            |  | 1 x 100µg |
| ab255553 - Human wild-type HEK293T cell lysate                  |  | 1 x 100µg |
| Cell type   | epithelial   |           |
| STR Analysis  | Amelogenin X D5S818: 8, 9 D13S317: 12, 14 D7S820: 11 D16S539: 9, 13 vWA: 16, 19 TH01: 7, 9.3 TPOX: 11 CSF1PO: 11, 12   |           |
| Target  |  |           |
| Function  | Accessory subunit of the mitochondrial membrane respiratory chain NADH dehydrogenase<br>(Complex I), that is believed to be not involved in catalysis. Complex I functions in the transfer of<br>electrons from NADH to the respiratory chain. The immediate electron acceptor for the enzyme is<br>believed to be ubiquinone. |           |
| Sequence similarities   | Belongs to the complex I NDUFA4 subunit family.  |           |
| Cellular localization   | Mitochondrion inner membrane.  |           |

#### Images

| Mut<br>WT | GAGACCTCTGCCGCAAACATGCTCCGAGC   | Homozygous: 31 bp deletion in exon1 |
|-----------|---|-------------------------------------|
|           | anger Sequencing - Human NDUFA4 knockout<br>EK293T cell lysate (ab263276) |                                     |

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

#### Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise,

please visit https://www.abcam.com/abpromise or contact our technical team.

#### **Terms and conditions**

• Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
