FITC Anti-TLR9 antibody [5G5] ab58864

6 References 1 Image

Overview

Product name FITC Anti-TLR9 antibody [5G5]

Description FITC Mouse monoclonal [5G5] to TLR9

Host species Mouse

Conjugation FITC. Ex: 493nm, Em: 528nm

Tested applications Suitable for: Flow Cyt (Intra)

Species reactivity Reacts with: Human

Predicted to work with: Mouse, Dog

Immunogen Recombinant fragment within Human TLR9 (extracellular). The exact immunogen sequence used

to generate this antibody is proprietary information. If additional detail on the immunogen is needed to determine the suitability of the antibody for your needs, please **contact** our Scientific

Support team to discuss your requirements.

Positive control RAW macrophages stimulated with IFN-gamma Flow Cyt (Intra): THP1 cells.

General notes

The Life Science industry has been in the grips of a reproducibility crisis for a number of years.

Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets

your needs before purchasing.

If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be

found below, along with publications, customer reviews and Q&As

Properties

Form Liquid

Storage instructions Shipped at 4°C. Store at +4°C.

Storage buffer Preservative: 0.02% Sodium azide

Constituents: PBS, 1% BSA

Purity Protein G purified

Purification notes 0.2 μm filtered

Clonality Monoclonal

Clone number 5G5

1

Applications

The Abpromise guarantee

Our **Abpromise guarantee** covers the use of ab58864 in the following tested applications.

The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
Flow Cyt (Intra)		1/10 - 1/50. ab91362 - Mouse monoclonal lgG2a, is suitable for use as an isotype control with this antibody.

Target

Function Key component of innate and adaptive immunity. TLRs (Toll-like receptors) control host immune

response against pathogens through recognition of molecular patterns specific of

microorganisms. TLR9 is a nucleotide-sensing TLR which is activated by unmethylated cytidine-phosphate-guanosine (CpG) dinucleotides. Acts via MYD88 and TRAF6, leading to NF-kappa-B

activation, cytokine secretion and the inflammatory response.

Tissue specificity Highly expressed in spleen, lymph node, tonsil and peripheral blood leukocytes, especially in

plasmacytoid pre-dendritic cells. Levels are much lower in monocytes and CD11c+ immature

dendritic cells. Also detected in lung and liver.

Sequence similarities Belongs to the Toll-like receptor family.

Contains 26 LRR (leucine-rich) repeats.

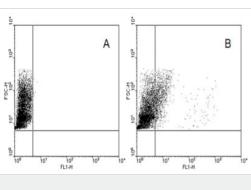

Contains 1 TIR domain.

Cellular localization Endoplasmic reticulum membrane. Endosome. Lysosome. Cytoplasmic vesicle > phagosome.

Relocalizes from endoplasmic reticulum to endosome and lysosome upon stimulation with

agonist.

Images

Flow Cytometry (Intracellular) - FITC Anti-TLR9 antibody [5G5] (ab58864)

THP1 cells were incubated with an \lg G2a isotype control (A) or a-TLR9 5G5 mAb (B). Cells (140000) were permeabilized with saponin and stained with 0.4 μ g 5G5.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- · Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- · We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

• Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
