Anti-IRAKM antibody ab8116

Overview

Product name: Anti-IRAKM antibody
Description: Rabbit polyclonal to IRAKM
Host species: Rabbit
Specificity: Anti-IRAK-M has no cross response to IRAK or IRAK2.
Tested applications: Suitable for: ICC, IHC-P, WB
Species reactivity: Reacts with: Mouse, Rat
Immunogen: Synthetic peptide: CSSKFSWDEYEQQKKE, corresponding to C terminal amino acids 581-596 of Human IRAKM (Peptide available as ab6231.)

General notes

Interleukin-1 (IL-1) and lipopolysaccharide (LPS) induces cellular response through IL-1 receptor (IL-1R) and Toll like receptors (TLR). IL-1 receptor associated kinase (IRAK and IRAK2) mediates the activation of NF-kB by IL-1/Toll receptors (Wesche H et al.1999, Muzio M et al.1997), which is a pivotal transcription factor mediating inflammatory and immune response. A novel member in the IRAK/Pelle family was recently identified and designated IRAK-M (Cao Z et al.1996). IRAKs associate with IL-1/Toll receptors after IL-1 or LPS stimulation and the dominant negative mutants of IRAKs inhibit IL-1 or LPS induced NF-kB activation. Members in IRAK/Pelle family play a central role in IL-1R/TLR mediated inflammatory responses to cytokine IL-1 and LPS.

The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing.

If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As

Properties

Form: Liquid
Storage instructions
Shipped at 4°C. Store at +4°C short term (1-2 weeks). Upon delivery aliquot. Store at -20°C or -80°C. Avoid freeze / thaw cycle. Stable for 12 months at -20°C.

Storage buffer
pH: 7.2
Preservative: 0.02% Sodium azide

Purity
Affinity purified

Purification notes
Purified IgG prepared by ion exchange chromatography. IRAK-M Antibody is affinity chromatography purified via peptide column.

Primary antibody notes
Interleukin-1 (IL-1) and lipopolysaccharide (LPS) induces cellular response through IL-1 receptor (IL-1R) and Toll like receptors (TLR). IL-1 receptor associated kinase (IRAK and IRAK2) mediates the activation of NF-κB by IL-1/Toll receptors (Wesche H et al.1999, Muzio M et al.1997), which is a pivotal transcription factor mediating inflammatory and immune response. A novel member in the IRAK/Pelle family was recently identified and designated IRAK-M (Cao Z et al.1996). IRAKs associate with IL-1/Toll receptors after IL-1 or LPS stimulation and the dominant negative mutants of IRAKs inhibit IL-1 or LPS induced NF-κB activation. Members in IRAK/Pelle family play a central role in IL-1R/TLR mediated inflammatory responses to cytokine IL-1 and LPS.

Clonality
Polyclonal

Isotype
IgG

Applications

The Abpromise guarantee
Our Abpromise guarantee covers the use of ab8116 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Target

Function
Inhibits dissociation of IRAK1 and IRAK4 from the Toll-like receptor signaling complex by either inhibiting the phosphorylation of IRAK1 and IRAK4 or stabilizing the receptor complex.

Tissue specificity
Expressed predominantly in peripheral blood lymphocytes.

Involvement in disease
Defects in IRAK3 are associated with susceptibility to asthma-related traits type 5 (ASRT5) [MIM:611064]. Asthma-related traits include clinical symptoms of asthma, such as coughing, wheezing, dyspnea, bronchial hyperresponsiveness as assessed by methacholine challenge test, serum IgE levels, atopy, and atopic dermatitis.

Sequence similarities
Belongs to the protein kinase superfamily. TKL Ser/Thr protein kinase family. Pelle subfamily. Contains 1 death domain. Contains 1 protein kinase domain.

**All lanes**: Anti-IRAKM antibody (ab8116) at 1 µg/ml

**Lane 1**: Mouse spleen tissue lysates

**Lane 2**: Rat liver tissue lysate

**Observed band size**: 68 kDa

Western blot analysis of IRAK in mouse spleen (M) and rat liver (R) tissue lysates with anti-IRAK at 1 µg/ml.

**Immunohistochemistry**

Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) of A20 cells staining IRAK with ab8116 at 20 µg/ml

Immunohistochemical staining of rat liver tissue using IRAK-M antibody at 2 µg/ml.
Immunohistochemistry (Formalin/PFA-fixed paraffin-embedded sections) - Anti-IRAKM antibody (ab8116)

ab8116 at 2µg/ml staining IRAKM in rat liver cells by IHC

ab8116 staining IRAKM in murine lung macrophages by Immunocytochemistry/Immunofluorescence. The cells were permeabilized with a 1:1 mixture of methanol and acetone. After washing with PBS, ab8116 was applied and the cells incubated for one hour. After washing, antibodies against the primary antibody labeled with FITC were applied to the cells and incubated for one hour. The cells were then mounted in DAPI mounting media and viewed on the fluorescent microscope.

Immunocytochemistry - Anti-IRAKM antibody (ab8116)

Immunofluorescence of IRAK-M in Rat Liver cells using ab8116 at 10 µg/ml.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions
• Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
