

Universal antibody diluent ab79995

1 References

Overview

Product name	Universal antibody diluent
Tested applications	Suitable for: IHC-P
General notes	Universal antibody diluent is a PBS formulation at pH 7.3 with protein carrier and preservative that has been developed for stability during long-term storage and for improved antibody performance. Protease and IgG-free.

Properties

Form	Liquid
Storage instructions	Shipped at 4°C. Upon delivery aliquot and store at -20°C. Avoid freeze / thaw cycles.
Storage buffer	pH: 7.30 Preservative: 0.1% Sodium azide Constituents: PBS, Carrier protein Proprietary modified PBS formulation; combination of buffers, staining enhancers, stabilizers and preservative

Applications

The Abpromise guarantee Our **Abpromise guarantee** covers the use of ab79995 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
IHC-P		Use at an assay dependent dilution.

Please note: All products are "FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC PROCEDURES"

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet

- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
