Product datasheet

Rabbit IgG, monoclonal [SP137] - isotype control
ab125938

Overview

Product name        Rabbit IgG, monoclonal [SP137] - isotype control
Tested applications Suitable for: IHC-P
Immunogen            Chemical/ Small Molecule.
General notes        Human: We have preliminary internal testing data to indicate this antibody may not react with these species. Please contact us for more information.
                      This product is a recombinant rabbit monoclonal antibody.

Properties

Form                      Liquid
Storage instructions      Shipped at 4°C. Upon delivery aliquot. Store at +4°C.
Storage buffer            pH: 7.50
                          Preservative: 0.099% Sodium azide
                          Constituents: PBS, 1% BSA
Purity                    Protein A/G purified
Purification notes        Purified from TCS by protein A/G.
Clonality                 Monoclonal
Clone number              SP137
Isotype                   IgG

Applications

Our Abpromise guarantee covers the use of ab125938 in the following tested applications.
The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
