

Product datasheet

Anti-Sendai virus antibody ab33988

★★★★★ 2 Abreviews 9 References

Overview

Product name	Anti-Sendai virus antibody
Description	Chicken polyclonal to Sendai virus
Host species	Chicken
Specificity	ab33988 is monospecific for Sendai.
Tested applications	Suitable for: IHC-Fr, Neutralising
Species reactivity	Reacts with: Other species
Immunogen	Sendai virus
General notes	<p>The Life Science industry has been in the grips of a reproducibility crisis for a number of years. Abcam is leading the way in addressing this with our range of recombinant monoclonal antibodies and knockout edited cell lines for gold-standard validation. Please check that this product meets your needs before purchasing.</p> <p>If you have any questions, special requirements or concerns, please send us an inquiry and/or contact our Support team ahead of purchase. Recommended alternatives for this product can be found below, along with publications, customer reviews and Q&As</p>

Properties

Form	Liquid
Storage instructions	Shipped at 4°C. Store at +4°C short term (1-2 weeks). Upon delivery aliquot. Store at -20°C or -80°C. Avoid freeze / thaw cycle.
Storage buffer	Constituents: Whole serum, 40% Glycerol
Purity	Whole antiserum
Clonality	Polyclonal
Isotype	IgY

Applications

The Abpromise guarantee Our [Abpromise guarantee](#) covers the use of ab33988 in the following tested applications. The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.

Application	Abreviews	Notes
IHC-Fr	★★★★★ (1)	Use at an assay dependent concentration.
Neutralising		Use at an assay dependent concentration.

Target

Relevance

Sendai virus is an RNA paramyxovirus parainfluenza type 1 virus that is primarily a disease of young mice; however, it can and does affect several species of small rodents. Sendai virus is immunosuppressive and can have an immediate, as well as a long term effect, on the rodent's immune system. The virus causes high morbidity and mortality rates when combined with bacterial pathogens such as mycoplasma pulmonis and CAR (cilia associated respiratory) bacillus.

Our Abpromise to you: Quality guaranteed and expert technical support

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
- We investigate all quality concerns to ensure our products perform to the highest standards

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit <https://www.abcam.com/abpromise> or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
