Anti-Thyrotropin Releasing Hormone (TRH) antibody

Overview

Product name: Anti-Thyrotropin Releasing Hormone (TRH) antibody
Description: Mouse polyclonal to Thyrotropin Releasing Hormone (TRH)
Host species: Mouse
Tested applications: Suitable for: WB
Species reactivity: Reacts with: Human
Predicted to work with: Chimpanzee, Cynomolgus monkey, Rhesus monkey
Immunogen: Recombinant full length protein corresponding to amino acids 1-242 of Human Thyrotropin Releasing Hormone (TRH) (NP_009048).
Positive control: Thyrotropin Releasing Hormone (TRH) transfected 293T cell lysate

Properties

Form: Liquid
Storage buffer: pH: 7.20
Purity: Protein A purified
Clonality: Polyclonal
Isotype: IgG

Applications

Our Abpromise guarantee covers the use of ab167662 in the following tested applications.
The application notes include recommended starting dilutions; optimal dilutions/concentrations should be determined by the end user.
**Thyrotropin releasing hormone (TRH)** is a tripeptide hormone that stimulates the release of thyroid stimulating hormone and prolactin by the anterior pituitary. TRH is produced by the hypothalamus and travels across the median eminence to the pituitary via the hypophyseal portal system. In addition to the brain, TRH can also be detected in other areas of the body including the gastrointestinal system and pancreatic islets.

**Cellular localization**

Secreted

### Application

### Images

**All lanes** : Anti-Thyrotropin Releasing Hormone (TRH) antibody (ab167662) at 1 µg/ml

**Lane 1** : Thyrotropin Releasing Hormone (TRH) transfected 293T cell lysate

**Lane 2** : Non-transfected 293T cell lysate

Lysates/proteins at 15 µl per lane.

**Secondary**

**All lanes** : Goat Anti-Mouse IgG at 1/2500 dilution

Developed using the ECL technique.

**Predicted band size**: 27 kDa

**Our Abpromise to you: Quality guaranteed and expert technical support**

- Replacement or refund for products not performing as stated on the datasheet
- Valid for 12 months from date of delivery
- Response to your inquiry within 24 hours
- We provide support in Chinese, English, French, German, Japanese and Spanish
- Extensive multi-media technical resources to help you
We investigate all quality concerns to ensure our products perform to the highest standards.

If the product does not perform as described on this datasheet, we will offer a refund or replacement. For full details of the Abpromise, please visit https://www.abcam.com/abpromise or contact our technical team.

Terms and conditions

- Guarantee only valid for products bought direct from Abcam or one of our authorized distributors
